

The complete solution for GDPR compliance

In May 2018, the General Data Protection Regulation (GDPR) came into force, a new regulation that affects all types of companies and corporations, both public and private and regardless of their size.

ePrivacy is the solution that allows a comprehensive 360-degree management of GDPR compliance in a very clear and intuitive way, allowing users of all levels of knowledge of office tools and knowledge of data protection regulations to handle it.

Why use ePrivacy?

- Integral compliance with RGPD and LOPDGDD.
- Centralizes privacy management in the company.
- Automates processes and generates automatic reports.
- Allows to assign tasks and controls to improve the level of compliance.
- Supports the DPO acting as a Privacy Office.
- Allows compliance with the Accountability Principle.
- Possibility of managing RATS by company, process, business...
- In the cloud. Available 24/7.
